

PowerSync Pro™ SMART HUB

ZERO-TOUCH MOBILE DEVICE PROVISIONING

Charge, provision, and re-provision a shared pool of iOS devices.

For organizations looking to manage a large pool of iPhone, iPad mini or iPad devices, the PowerSync Pro Smart Hub provides a best-in-class hardware experience for simplifying the management of these devices. When combined with Apple Provisioning Utility (APU) organizations can gain control of their devices by automating device provisioning, lowering support costs, and improve work-flow efficiency.

ZERO-TOUCH I.T.

The powerful partnership of the PowerSync Pro Smart Hub and Apple Provisioning Utility (APU) software provide IT departments the ability to simplify management of devices and save critical time.

SELF-CONTAINED PROVISIONING

Secure dedicated compartment found under the hub to house a Mac mini runs Apple Configurator 2 software (AC2) or Apple Provisioning Utility (APU).

GROWTH IN MIND

The PowerSync Pro Smart Hub is designed to grow with your organization. Daisy-chain and power up to three trays with a Mac mini.

BUILT TO LAST

Designed and built in the USA.

OPTIMIZED FOR iOS DEVICES

SIMULTANEOUS CHARGE AND SYNC*
Hub maintains full charging rate (up to 2.1A) even while connected to a host Mac mini for syncing and provisioning.

STATUS ON-DEMAND | LED lights located next to each device show charging status and let you know when the device is ready for use.

SECURITY OPTIONS | Accessorize with a PowerSync Pro Cabinet or Cart to secure hubs within an all-steel enclosure.
