

USE CASE

INDUSTRY
Higher Education
Tech Deployment

PRODUCT
Bretford's Charging
Carts & Lockers

APPLICATION

Higher Ed Institutions are deploying mobile devices to the Student Body and Faculty needed for daily instruction.

CHALLENGE

IT Departments need an effective solution to ensure all devices are protected and charged while being staged for deployment.

SOLUTION

Bretford's solutions offer an effective way for IT Departments to secure and power laptops. Our Charging Carts accommodate a wide range of brands and sizes. Our Charging Lockers can serve as a hands-free IT platform by leveraging the powerful cloud-based remote management software. Perfect for device pick-up and drop-off.
